

ARJUNAN S

Frontend Developer

Coimbatore, Tamil Nadu, India | +91 87542 28789 | arjunans909@gmail.com | github.com/arjunans909-source | linkedin.com/in/arjunan-s-024a02347

SUMMARY

Frontend developer skilled in HTML, CSS, JavaScript, and React, with hands-on experience building and deploying responsive web applications. Brings a strong quality mindset from a prior role reviewing AI/ML data for automotive ADAS systems, where accuracy and attention to detail were critical. Comfortable working with Git/GitHub for version control, and using AI tools (ChatGPT, Claude, GitHub Copilot) to boost development productivity.

SKILLS

Languages & Markup: HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)

Framework & Tools: React.js, Vite, Git, GitHub

Version Control: Git, GitHub (branching, commits, pull requests, merge conflict resolution)

API Integration: RESTful APIs, Fetch API, Axios, JSON handling, async/await, third-party API integration

Deployment: Vercel (live deployment of production React/Vite apps)

Workflow: Responsive design, browser DevTools debugging, using AI tools (ChatGPT, Claude, GitHub Copilot) to build efficiently

PROJECTS

Shopshare — E-Commerce Website

- Built a responsive React e-commerce application with product browsing, detailed product views, and dynamic shopping cart management.
- Implemented seamless page navigation and a clean UI using React and Bootstrap; deployed live on Vercel.

Tech: React, JavaScript, Bootstrap, Vercel | Live Demo | Source Code

TrailBlaze — Travel Planning Web App

- Developed a responsive travel planning application with trip management features, dynamic UI components, and theme support.
- Focused on clean component architecture, modern responsive design, and state management using React and Tailwind CSS.

Tech: React, Tailwind CSS, JavaScript, Vite | Live Demo | Source Code

WORK EXPERIENCE

Data Annotation Reviewer / Quality Analyst — Apexon

Aug 2024 – Oct 2025

- Worked on AI/ML projects in the automotive domain, supporting ADAS (Advanced Driver Assistance Systems) development for projects associated with Bosch and Continental.
- Performed 2D and 3D data annotation, labeling, reviewing, and quality validation across multiple projects and annotation tools.
- Ensured annotation accuracy and quality while working with diverse automotive sensor data.
- Built a strong understanding of AI/ML workflows, data quality standards, and real-world applications in autonomous and intelligent vehicle systems.

CERTIFICATIONS

- Programming Fundamentals — Simplilearn (April 2026)
- JavaScript for Beginners — Simplilearn (June 2026)
- React JS for Beginners — Simplilearn (July 2026)
- Introduction to Web Development with ChatGPT — Simplilearn (August 2026)
- Introduction to Prompt Engineering with GitHub Copilot — Simplilearn, in partnership with Microsoft (September 2026)

EDUCATION

Bachelor of Computer Applications (BCA) — 2024

Sri Ramakrishna College of Arts and Science

Higher Secondary (State Board) — 2021

Chinmaya Vidhyalaya, Vadavalli
